1. Aggregate amount available for homestead and farmstead real estate tax reduction. The following amounts are available for homestead and farmstead real estate tax reduction for the school year beginning July 1, 2011.
 - a. Gambling tax funds. The Pennsylvania Department of Education (PDE) has notified the School District that PDE will pay to the School District during the school year pursuant to Act 1, 53 P.S. § 6926.505(b), as a property tax reduction allocation funded by gambling tax funds, the amount of \$2,901,526.

c. Homestead/farmstead combined number. Adding these numbers, the aggregate number of approved homesteads and approved farmsteads is 5,916.

- 3. Real estate tax reduction calculation. The school board has decided that the homestead exclusion amount and the farmstead exclusion amount shall be equal. Dividing the paragraph 1(c) aggregate amount available during the school year for real estate tax reduction of \$2,902,877 by the paragraph 2(c) aggregate number of approved homesteads and approved farmsteads of 5,916 (before considering the assessed value of approved homesteads and approved farmstead having an assessed value below the preliminary calculation of the maximum real estate assessed value reduction amount to be established as the homestead and farmstead exclusion amount), the preliminary calculation of the maximum real estate tax reduction amount applicable to each approved homestead and to each approved farmstead is \$490.68. Based on calculations provided by the School District Business Office from the best available information and carefully evaluated by the School Board, considering the assessed value of approved homesteads and approved farmsteads having an assessed value below the preliminary calculation of the maximum real estate assessed value reduction amount to be established as the homestead exclusion and the farmstead exclusion amount, an additional aggregate amount of \$7,571 will be available during the school year for real estate tax reduction applicable to approximately 5,916 homesteads and farmsteads, resulting in an additional real estate tax reduction amount available for each homestead and farmstead of \$1.28. Adding this additional amount to the preliminary calculation of the maximum real estate tax reduction amount of \$490.68, the final maximum real estate tax reduction amount applicable to each approved homestead and to each farmstead is \$491.96.
- 4. Homestead exclusion calculation. Dividing the paragraph 3 maximum real estate tax reduction amount of \$491.96 by the School District real estate rate of 31.0778 mills, the maximum real estate assessed value reduction to be reflected on tax notices as a homestead exclusion for each approved homestead is \$15,830 and the maximum real estate assessed value reduction to be reflected on tax notices as a farmstead exclusion for each approved farmstead is \$0.
- 5. Homestead/farmstead exclusion authorization – July 1 tax bills. The tax notice issued to the owner of each approved homestead within the School District shall reflect a homestead exclusion real estate assessed value reduction equal to the lesser of: (a) the County-established assessed value of the homestead, or (b) the paragraph 4 maximum real estate assessed value reduction of \$15,830. The tax notice issued to the owner of each approved farmstead within the School District shall reflect an additional farmstead exclusion real estate assessed value reduction equal to the lesser of: (a) the County-established assessed value of the farmstead, or (b) the paragraph 4 maximum real estate assessed value reduction of \$0. For purposes of this Resolution, “approved homestead” and “approved farmstead” shall mean homesteads and farmsteads listed in the report referred to in paragraph 2 above and received by the School District from the County Assessment Office on or before May 1 pursuant to Act 1, 53 P.S. § 6926.341 (g) (3), based on homestead/farmstead applications filed with the County Assessment Office on or before March 1. This paragraph 5 will apply to tax notices issued based on the initial tax duplicate used in issuing initial real estate tax notices for the school year, which will be issued on or promptly after July 1, and will not apply to interim real estate tax bills.

Approve Tax Mill Increase

By motion of Dr. Javier Aguayo and seconded by President Samuel Beard, It was resolved that the Board of School Directors of the School District of the City of York, Pennsylvania, in regular session assembled this 22nd day of June, 2011 under and by virtue of the acts of the assembly of the Commonwealth of Pennsylvania in such case made and provided, there shall be levied and assessed, and is hereby levied and assessed for all purposes of the School District including, but not limited to, salaries and increments of the teaching and supervisory staff, lease rentals, sinking fund charges and amortization of bond issues, a tax of 31.0778 mills on the total assessment of all property assessed and certified for taxation in the said school district, for the ensuing fiscal year.

Dr. Javier Aguayo stated that he did not agree with a tax increase for tax payers because he felt as though the tax payers would not be able to handle the increase. He further stated that although he was aware of the financial state of the district he could not support burdening the tax payers with an increase when tax payers are out of jobs and not receiving any pay increases at their jobs.

Mr. James Morgan stated that if the tax increase was not passed the budget would not be balanced an additional cuts would need to be considered to redo the budget.

Rev. Dr. Aaron Willford stated that he hated to raise taxes but that he believed in the children and the Board's backs were against the wall.
