d. Adjournment

February 6, 2015

Richard Snodgrass
Business Manager
31 N. Pershing Avenue
York, PA 17401

Dear Mr. Richard Snodgrass:

Enclosed is our report for the month of January 2015:

1. During the month of January, the Food Service Department provided support for four (4) District functions or meetings.

2. Government Commodities received during the month included: applesauce, orange juice, mixed fruit, diced peaches, diced pears, diced strawberry cups, green beans, ground beef, beef patties, broccoli, and corn. Commodity use during the month of January was $16,350 which saved the District 12% in total food cost or approximately $0.14 cents per meal served.

3. BIC Program Update – Our Ops Manager is working with select cafeteria supervisors 1-on-1 to reinforce and ensure standards are being followed. To date, two K-8 schools have been reviewed for program compliance and effectiveness. This has resulted in better execution of the program and minimized the possibility of compliance issues during an audit.

Thank you,

_____
Mark Kamyszek
General Manager
