Dear Mr. Richard Snodgrass:

Enclosed is our report for the month of October 2015:

1. During the month of October the Food Service Department provided support for nine (9) special functions which included: New Teacher Orientation, After School Tutoring, Parent Meeting, and various other Meetings.

2. Government Commodities received during the month include assorted fruits and vegetables, both canned and frozen, ground beef and cheese. Commodity use for the month of October was $36,709.

3. Year to date, served meals are trending up roughly 500 per day vs. last year and we had a high mark of 200 meals served last Thursday off the high school breakfast cart. It appears our students are realizing the benefit of a nutritional breakfast.

4. We are also in the process of coordinating support for requested holiday meals throughout the district and working with our suppliers to stay ahead of the anticipated white turkey meat shortage.

Thank you,

_____
