d. Adjournment

November 25, 2015

Richard Snodgrass
Business Manager
31 N. Pershing Avenue
York, PA 17401

Dear Mr. Richard Snodgrass:

Enclosed is our report for the month of November 2015:

1. During the month of November the Food Service Department provided support for eighteen (18) special functions which included: BEAM Mentoring Meetings, After School Tutoring, Student of the Month Breakfast at McKinley, Thanksgiving holiday meals at both Jackson and McKinley, and various other meetings.

2. Government Commodities received during the month include assorted fruits and vegetables, both canned and frozen, pastas, beef and peanut butter. Commodity use during the month of November was $63,459.

3. "Offer vs. Serve" training was completed with all 8 kitchens to ensure compliance with federal & state requirements. We also completed Civil Rights training with all cafeteria employees as part of the newly enacted Professional Standards for School Nutrition Program Employees. The new standards require a minimum of 4 or 6 hours of annual continuing education depending on total weekly hours worked.

4. On Monday, December 21st, all schools will be serving a holiday meal for students and staff. The menu will consist of roast turkey w/ gravy, stuffing, mashed potatoes, the fruit & vegetable offered that day, and an ice cream cup for dessert.

Thank you,

_____
Mark Kamyszek
General Manager
